

The Pacific Princess 14th February 2018

*Compliments to your choir director on his authentic & fitting choice of music.*

*[I] was deeply moved with "Sixteen Tonnes" as [my] Father worked his hands to the bone in those mines. It was a memento [I] will never forget for the rest of [my] days.*

*I loved your choice of music tonight. "It really sets the right heritage for Australia".*

*The cruise director really liked your fresh approach holding up the banner on the last song.*
